## GENERAL OROZCO SLAIN BY POSSE

Four Companions Also Pursued  
Into Foothills and Killed.

### ACTION FOLLOWS RANCH RAID

Desperate Battle With United States  
Civilians, Customs Officers and  
Troopers—Huerta Aide Had Escap-  
ed Custody at El Paso.

El Paso, Tex., Sept. 1.—General Pascual Orozco, prominent military leader in Mexico's many revolutions of the last five years, was killed in a fight with a posse of American civilians, customs officers and troopers of the Thirtieth United States cavalry, according to government reports received here.

The battle took place in Green river canyon of the High Lonesome mountains in Culberson county, Tex., following a raid on the Dick Love ranch. Orozco and four companions were pursued from the Sierra Blanca country into the foothills.

How desperately they fought was shown by four bullet wounds in the body positively identified, according to reports, as that of the Huerta general.

At the home of General Orozco's family here the report of his death could not be confirmed.

#### No Comment by Huerta.

General Victoriano Huerta would make no comment when informed of the reported death of his former chief officer.

All the bodies of the raiders have been ordered shipped to Van Horn, Tex. An undertaker from this city is en route to take charge of the body said to be that of General Orozco.

General Orozco was the son of a small storekeeper in Chihuahua. When he reached manhood he became a "bullion conductor," and with his party of guards escorted the pack trains loaded with bullion from the mines in Chihuahua through the bandit-infested hills to the railroad.

It was in this work that he first achieved a reputation for bravery and skill with weapons.

Orozco was one of the first to join Francisco Madero when the latter organized his revolt against President Porfirio Diaz, in 1910. Orozco took the field in Northern Chihuahua, and, with his company of bullion guards as a nucleus, soon raised the most effective fighting force under Madero's banner.

When Madero became president Orozco accompanied him to Mexico City, but it was not long before a disagreement arose over large sums of money Orozco alleged to be due him and his father, Colonel Orozco.

Orozco abandoned his allegiance to Madero and again took to the hills, taking the majority of his men who had followed him through the Madero campaigns with him.

#### In Huerta's Ranks.

With the fall of Madero, Orozco joined the adherents of Huerta and became one of the most active of the military chiefs of the latter. He took part in scores of engagements and skirmishes in Chihuahua, Durango, Coahuila and Nuevo Leon.

His band finally was broken last August with the advance on Mexico City of the Constitutionalists under Obregon, Jesus Carranza, Pablo Gonzales and Gutierrez, while Villa's troops held the road to his old haunts to the north. He again slipped through the lines, however, and made his way into the United States.

With the arrival in the United States of General Huerta, Orozco joined his former chief and accompanied him on the journey to El Paso, which culminated in the arrest of both at Newman, N. M., last June, by United States officials. After being released on bond he again escaped a few nights later, and, it is supposed, has been in the vicinity where he was killed since that time.

### GERMANY BIDS FOR COTTON

Business Men Offer United States 15 Cents a Pound for 1,000 Bales.

Berlin, Sept. 1.—German business men have transmitted to the United States an offer to buy 1,000 bales of cotton.

The price offered is 15 cents a pound, payable on delivery of the cotton in a German harbor.

#### German Is Released.

Washington, Sept. 1.—Gus Kopsch, the young German recently arrested, charged with making drawings and photographs of coast fortifications in Virginia, was given a preliminary hearing before United States Commissioner Taylor and released on \$3,000 bond to appear at Norfolk Nov. 1 to answer the charges.

## America's New Policy, Control of the Caribbean Sea

Secretary of State Lansing

Map of the Caribbean Sea

Admiral William B. Caperton

Secretary of State Robert Lansing has just announced a new and great American policy, nothing less than the control of the Caribbean Sea, which is necessary to the protection and control of the Panama Canal.

Such is the interpretation put on the treaty he has just offered the new Haytian government providing for a protectorate of ten years. Of course, the policy is not stated in the broad terms that the purpose of it is to dominate the Caribbean; but far seeing Washington observers, who have believed ever since the American government decided to build the Panama Canal, that domination of the Caribbean was absolutely necessary to its

protection, think the time has at last come when this new American policy has taken shape.

Control of the Caribbean requires a port like Port au Prince at the east end. The Panama strip itself serves as a naval base on the west end of the sea, while New Orleans naturally becomes the large naval base nec-

sary for the success of the policy. The treaty the secretary of state has offered to Hayti must, of course, be confirmed by the United States Senate, and many members of that body may disagree with the new policy. But there is little doubt in Washington that the administration has committed itself.

Admiral William B. Caperton is now in control of Hayti. Although a new president has been elected the American is almost dictator. He or some other representative of the navy department will likely remain there until the treaty for an American protectorate has been acted on.

## MINE BLAST FATAL TO EIGHTEEN MEN

Score Overcome When Naked  
Lamp Ignites Gas Pocket.

Johnstown, Pa., Sept. 1.—Eighteen miners, mostly foreigners, were killed by a gas explosion in the Orenda mine of the Merchants' Coal company at Roswell. Three hundred men were working in the mine at the time.

John Beagle, a motorman, died in a local hospital of injuries and the condition of three others who were seriously burned was critical.

All the bodies recovered were so badly burned that identification was impossible. The explosion occurred deep in the mine early in the day, but owing to the great amount of wreckage it was not until about the spot where the blast took place had been reached and the extent of the explosion known.

Officials of the company announced that the bodies of all the dead had been recovered. The ignition of a gas pocket by a naked lamp was believed to have been responsible.

A score of miners were burned slightly or overcome by gas, but they were sent to their homes after receiving first aid treatment.

Several of the unidentified dead were of American birth.

## GERMANY HAS ACCEPTED THE AMERICAN SUBMARINE DEMANDS

(By United Press)

Washington, Sept. 1, 10:30 a. m.—Germany has accepted the American submarine demands.

### ACCEPTANCE SUBMITTED ORALLY

Washington, Sept. 1.—Ambassador Bernstorff has submitted to Secretary Lansing the substance of the German government's answer to President Wilson's last submarine note, consisting of the acceptance of the American demands. Ambassador Bernstorff received the acceptance direct from the foreign office and submitted it orally, promising a written confirmation later. The communication referred only to future submarine activities and did not concern the past occurrences. Nothing was mentioned regarding the British starvation blockade, although it is thought later that Germany might ask the United States to have the British government modify the same.

### WRITTEN ACCEPTANCE IS RECEIVED

Washington, Sept. 1.—Secretary Tumulty later announced that Germany's written communication of the acceptance of the American demands had been received. The state department is withholding action.

### ACCEPTANCE STRENGTHENS THE MARKET

New York, Sept. 1.—Germany's acceptance of the American demands in regard to submarine warfare has brought strength to the market.

### DECIDED ON BEFORE ARABIC AFFAIR

Washington, Sept. 1.—"Liners will not be sunk by our submarines without warning and without the safety of the lives of non-combatants being provided for, provided the liners do not try to escape or offer resistance," is the written statement of Ambassador Von Bernstorff on the German answer to the latest Lusitanian note. The text of the note to Secretary Lansing said this policy was decided on before the Arabic affair.

### CONSIDERS PEACE NEAR

(By United Press)

Berlin, Sept. 1.—Newspapers give prominent display to the statement of Francis Hirst, editor of the London Economist, that England considers peace near.

NOTE—Hirst's article urged the letting down of tension for high diplomatic purposes, meaning peace, and cited the civil German treatment of British prisoners.

### MINE STRIKE SETTLED

(By United Press)

Cardiff, Sept. 1.—The miners' conference has formally ratified the peace agreement and the miners have been ordered to return to work.

### THIRTY BANKERS INTERNED

Amsterdam, Sept. 1.—Thirty Warsaw bankers who refused to accept German currency have been arrested and interned in Germany.

### EFFECTIVENESS OF SUBMARINE

(By United Press)

Berlin, Sept. 1.—A significant factor in the German-American situation was when the newspapers, apparently inspired, this morning laid stress upon the effectiveness of Germany's submarine warfare against Great Britain, and carried statistics regarding boats sunk, saying that the submarines have proven a success. The officials are still nervous, anticipating the next American note. The submarine supposed to have sunk the Arabic has not reported and officials are reticent, many believing the submarine has been sunk.

### DOES NOT FEAR GERMANS

(By United Press)

Rome, Sept. 1.—Italy does not fear German invasion after the Germans finish with Russia and say that they hold all the Adige valley region. The Germans might throw half a million men down the valley and never be able to get through the passes.

### ENTIRE ARMY GONE

(By United Press)

Berlin, Sept. 1.—An official statement says that since starting the German drive on May 2, they have captured or annihilated one entire field army numbering 1,400,000 men, 1,100,000 of these being captured. The Germans have arrived on the western front at Grodno.

### RUSSIANS TAKE OFFENSIVE

(By United Press)

Petrograd, Sept. 1.—Strongly reinforced, the Russians throughout Galicia have taken the offensive and threaten to roll up the right flank of the Germans.

### VON MOLTKE NOT SUNK

(By United Press)

Berlin, Sept. 1.—Dispatches from Copenhagen says the German cruiser Von Moltke, which the Russian admiralty reported sunk at Riga Gulf, is cruising off Kaiser Wilhelm under its own steam.

### SENATOR TILLMAN.

Visits Submarines and  
Sinks in Two Boats.

By American Press Association.

### TILLMAN TAKEN UNDER SEA

Senator Visits Submarines and Sinks in Two Boats.

New York, Sept. 1.—United States Senator Benjamin R. Tillman of Carolina, chairman of the Senate committee on naval affairs, returned to Washington after spending a day at the Brooklyn navy yard.

Most of the senator's attention was devoted to submarines. He visited the U-2 which will use the new Edison batteries and inspected the new devices on the K-6. Both boats were submerged with Senator Tillman on board.

#### Mother and Baby Killed.

Cleveland, O., Sept. 1.—Mrs. Helen Petrick, twenty-eight years old, and her baby son George were cut in two and instantly killed by a Baltimore & Ohio freight train here. They were trying to creep under the train, which was stalled. It started while they were beneath it. Another child who was with Mrs. Petrick escaped injury.

#### English Sailors Drown.

London, Sept. 1.—An officer and sixteen boys of the training ship Cornwall were drowned in the Thames near Perleth while engaged in boat practice. A tug collided with their boat and sank it.

## HOME OF ALLIES' AID DYNAMITED

Bomb Wrecks Residence of Head  
of Aeroplane Company.

### FORMERLY A FRENCH OFFICER

Rumors of Violence Precede Big Explosion—Federal Officials Begin Investigation Into International Plots on United States Soil.

Depew, N. Y., Sept. 1.—A dynamite bomb placed in front of the home of Maurice F. Coombs, head of an aeroplane company, whose plant, now in course of construction, will be used for the manufacture of aeroplanes for the allies' was exploded.

The explosion wrecked the walls and shattered windows in the vicinity. No one was injured.

Recently there had been rumors that violence would be resorted to if necessary to prevent the company from undertaking the manufacture of machines for the allied armies.

Coombs, who was formerly a lieutenant in the French army, is said to represent the French government in contracts for aeroplanes, and it was to carry out these contracts that the construction of the factory building was undertaken.

### SECRET EUROPEAN AGENTS BEING SOUGHT IN U. S.

Chicago, Sept. 1.—Recent incidents lead the government officials to believe that secret agents of the European powers are waging relentless battle on neutral United States soil for the prize that means victory in the great war—supplies.

With American makers of arms and munitions as pawns and victims in the game, and with destruction of the war orders of the entente powers as the stake, underground diplomats supposedly of the Teutonic alliance, are believed to have honeycombed the United States with plots, counterplots and conspiracies to keep American supplies from their foes.

Federal officials have launched a sweeping investigation into the tortuous winding of the numberless international intrigues of American soil and several secret arrests have been made.

Gary, the nearest point to Chicago that has been drawn into the secret warfare, is alive with detectives and government agents.

Within the last thirty days twenty-five explosions, four fires and three wrecks laid to secret agents have taken place from coast to coast, thirty-seven Americans have been killed, untold property damage has been wrought, while from ocean to ocean come reports of spies and spy suspects arrested, with maps and plans in their possession. Hundreds of horses have been poisoned or hamstrung.

Three new explosions, all concerned with war supplies, made up the toll of relentless underground diplomacy for the day alone, giving decisive proof that the nation is in the throes of a desperate organized warfare against every man or institution manufacturing or shipping war supplies to the allies in Europe.

+++++

### 145 ARE KILLED BY AUTOMOBILES.

Chicago, Sept. 1.—There have been 145 deaths from automobile accidents in Chicago so far this year, which is a greater number than for the entire year 1914, according to statistics made public by the coroner.

+++++

### OPPOSE BIG DEFENSE OUTLAY

Kern Tells Wilson Hoosiers Are Against Spending \$500,000,000.

Washington, Sept. 1.—Senator Kern, Democratic floor leader, had a short conference with President Wilson over legislation for the coming session of congress.

Senator Kern told the President that sentiment in Indiana is against spending \$500,000,000, as has been advocated, on the army and navy.

#### Four Drown In Lake.

Grand Rapids, Mich., Paris C. Johnson, Arthur C. Hunter and Paul J. Weston, all members of the editorial staff of the Grand Rapids Press and J. Harvey Smith, an office employee of the Grand Rapids Street Railway company, were drowned at Reed's lake, near here, by the capsizing of a high-speed motor boat.

The offices of the principal of the high school will be open Thursday, Friday and Saturday of this week for classification of students who did not arrange their classification and program before the close of school. This applies not only to entering freshmen but to all high school students. Principal Denison is desirous of having as many as possible com-

Scene from "THE MOONSTONE" which plays today only at the Grand

plete their registration at this time. A general meeting of all teachers is called for Monday at 4:30 p. m. at the high school room.

**Swedish Mission Church**

Rev. K. Pearson from Stambaugh, Mich., will preach in the Swedish Mission church Thursday evening at 8 o'clock. Come and hear this gifted man preach the gospel.

**Ministers Conspire Defraud Government**

(By United Press)

Winnipeg, Sept. 1—Four former ministers of the Manitoba government appeared before the police court this morning charged with conspiracy to defraud the province. They were retained until next week following a plea of not guilty.

**His Utterances Bring Grave Threat**

(By United Press)

Gary, Ind., Sept. 1—Rev. George Bendik, a Catholic pastor, and a close friend of Rev. Kayser, gave the police a letter threatening his death unless he stopped his pro-Teutonic utterances.

**British Patrol Sunk Submarine**

(By United Press)

Washington, Sept. 1—An official telegram says Pascual Orozco has been positively identified as one of the five Mexicans the Americans killed fighting on the border last night.

**Children's Summer Colds**

It is wrong to neglect a cold at any time because it weakens the system and lays the sufferer open to attack from other diseases. Wet feet, sudden changes in temperature and sleeping uncovered at night cause many children's colds in summer. Foley's Honey and Tar Compound gives sure and prompt relief. H. P. Dunn's drug store.—Advt. mwf

**Blotting Paper.**

We are the most paradoxical creatures. We use blotting paper to keep from blotting paper.

**Citrolax****Citrolax****CITROLAX**

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome. Ask for Citrolax. H. P. Dunn, druggist.—Advt. mwf-w

**NAVY OUSTS JAP ATTENDANTS**

Observation Habit of Orientals Hint-ed as Reason.

Norfolk, Va., Sept. 1.—For the first time probably in its history the United States navy, so far as the Atlantic fleet is concerned, is entirely free of Japanese.

A few years ago every ship in the fleet carried from five to ten Japanese stewards, valets and mess attendants for officers. Today their places are taken by Filipinos and negroes.

Naval officers will not discuss reasons for eliminating the Japs, but they tell a story of how the late Rear Admiral Bob Evans, on paying his respects to a Japanese admiral in Japan, found a former mess attendant on an American ship in command of the mikiado's vessel.

Officers on this side of the Atlantic say they do not believe there are any Japanese on the Pacific coast in the naval service.

**Take Out the Ashes**

Uremia is due to the circulation in the system of poison and waste products that should be removed from the blood by the kidneys. If the ashes are not removed the fire dies and the machinery stops. So with the waste products of the system. Foley Kidney Pills help the kidneys remove waste matter that causes rheumatism, aches and pains, stiff joints and sore muscles. H. P. Dunn —Advt. mwf

**For Sale**

Four Eighty acre tracts out Oak street from five to five and one half miles from Brainerd. One half cash. One hundred and sixty acres in Maple Grove Township, good brush prairie and meadow land, will make a fine stock farm. Call at my office 220 So. 7th St. if interested and I will take you out to see the lands.

House and two lots on South Side for sale.

SURPRISED BY FRIENDS

Miss Sadie Peterson and Miss Ruth Dahlstedt Given Presents by 40 of Their Friends

A very pleasant surprise was given Miss Sadie Peterson and Miss Ruth Dahlstedt at the home of Mr. and Mrs. John Peterson on 19th Street Southeast, by about forty of their friends.

Miss Peterson was presented with a pearl necklace and Miss Dahlstedt with a beautiful lavallier, the presentation speech being made by Prof. Carl J. Swanson and responded to by Misses Peterson and Dahlstedt.

Games and music were diversions of the evening. Refreshments were served. The Misses Peterson and Dahlstedt leave Monday for Winona where they will attend the Winona Normal school the coming season.

OF LOCAL INTEREST

Some People We Know and We Will Profit by Hearing About Them

This is a purely local event. It took place in Brainerd. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people.

A. S. Lindberg, 720 Elm St., Brainerd, says: "Some time ago I was an awful sufferer from kidney complaint. The kidney secretions were unnatural and I had a dull, heavy pain in my back. It was almost impossible for me to bend over and when I caught cold, the trouble was worse. I got Doan's Kidney Pills at Johnson's Drug Store and they rid me of the pains and other kidney ailments. I haven't had any kidney trouble to speak of since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lindberg had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

BRAINERD AT  
AITKIN SEPT. 5

Aitkin Wants a Whack at Brainerd  
on Their Home Grounds—Return  
Game Here Labor Day

BOWMAN ON THE FIRING LINE

Big Crowd of Fans Expect to Accompany Brainerd Sunday—  
Train Leaves at 2:30 P. M.

Brainerd's pennant chasers are slated to journey to Aitkin next Sunday, September 5th, and give battle to the natives representing that burg and who administered a 4 to 2 defeat to the locals last Sunday in a game replete with skyline performances. Aitkinites have been clamoring all summer for a whack at the fast team of Brainerd and instead of the game scheduled for September 5th and 6th being played here, it has been agreed to play the first at Aitkin and the second, on Labor Day, at Brainerd. This series of two games will officially wind up the season for Brainerd and with several new players who will be seen in action, both games should be copped without much trouble.

Bowman will be on the firing line for the old leaguers with Tanner on the receiving end, while either Lauerma or "Stubs" Allison, from Staples, will be in one of the outer gardens. Allison is said to be a slugger of considerable reputation, while, with the addition of Fred Cook, who will be back in uniform, the Athletics should have but little trouble in landing both games of the series.

Arrangements are being made to take along a big delegation of fans to offset the motley crowd that will no doubt be on hand to see the fracas. The team will leave Brainerd at 2:30 p. m., arriving at Aitkin at 3:20 in ample time to don the spangles and start the game shortly before 4 o'clock. With good weather and an even break in the horse-shoe stuff, Brainerd will clean up the season with the best record for the total number of games played of any team in this neck of the woods. The season this year has been the longest of any played for a number of years, including to date about 25 games, while the losses have been about five out of the total number played. Several games may be played at a later date immediately following the opening of the hunting season should any of the league teams from the city decide to invade this part of the state, announcement of which will be made later.

War News of One  
Year Ago Today

- \* Intention to move capital to Bordeaux officially announced in Paris. Fighting reported within forty miles of the city. Germans reported to have lost enormously.
- \* Germans reported strongly fortifying Brussels. Berlin dispatch says siege of Antwerp will begin immediately.

COMPREHENSIVE  
ANNUAL REPORT

Compiled by Inspector of Mines August Swanson and Printed in Pamphlet Form

YEAR ENDING JUNE 30, 1915

Number of Mines Operated 13, Number not Operated 8, Total Number Men Employed 1,252

There has just appeared from the Brainerd Dispatch presses the annual report of Inspector of Mines August Swanson of this city and the same is a most comprehensive report covering operations on the Cuyuna iron range for the period commencing June 30, 1914 and extending to June 30, 1915.

A considerable number of the books have been printed as there is always a demand for data concerning mining on the range. The book is packed solidly with information. In his preface, Mine Inspector Swanson, in presenting the report to the board of county commissioners, says:

"I beg herewith to submit for your approval my annual report as mine inspector for Crow Wing county for the year ended June 30, 1915. As a result of one hundred and five inspections made, and in taking, now at the end of the year, a review of the same, I can say with confidence that great strides have been made for the better.

"One must bear in mind, in considering the industrial element of this report, that the price of ore has been low throughout the year, and then despite this handicap to any enormous increases in operation or output, we find that there has been a decided increase in ore shipments, it having increased from 674,516 tons last year to 986,495 tons this year. Also referring to the tabulated report we find that four mines have been opened, and two that appeared as closed down since previous reports, have resumed operations.

"Drilling that has been done on property of Crow Wing county, formerly the county poor farm, has shown up ore of quality and in quantities that would justify it being mined and though some royalty bids have been made, none has as yet been accepted.

"It is with regret that we note three fatalities occurring during the year. This is an increase of two over last year's report, and as the tonnage has only doubled, it shows an increase of fatalities per thousand tons of ore shipped.

"However, in all three cases, the employers and all others directly concerned, are entirely exonerated from blame, and unless there was carelessness or indifference on the part of the victims, we are at a loss to account for and locate the blame. A study of the detailed reports of these cases seems to indicate anything but wide awake vigilance.

"New rules and regulations governing all employees have been issued and posted conspicuously and even printed in book form and circulated. These are extremely strenuous and emphatic in dealing with safety as the first consideration. It is made a duty of every man to know absolutely at all times the dangerous situations and hazards connected with operations wherein he may be concerned, and to be governed accordingly. Either he must remove or report any situation that he considers unsafe.

"Committees have been appointed from the ranks of the workmen at some of the mines for co-operating with the employers in this matter. As an example I am submitting, by permission of the Inland Steel Co., with this report, a copy of their instructions and rules which they have issued in pamphlet form."

The number of mines operated in the period covered 13. The number of mines not operated was 8. The total number of men employed was 1,252. The total shipments of iron ore to December 31, 1914 were 2,087,379 tons. The exploration companies on the range employed about 50 men.

Fiske O'Hara

On Wednesday, Sept. 15, Augustus Pitou, Jr., presents the young Irish actor-singer, Fiske O'Hara, at the Brainerd opera house in a new play from the pen of the elder Pitou, entitled "Kilkenny." The songs which Mr. O'Hara sings are delightful and appealing and include among others, "Girl of My Heart," "Contrary Mary Clary," "Ireland is Ireland to Me," "Dear Mother Mine," and "That's What an Irishman Means."

The author has chosen Kilkenny, Ireland, for the locale of the play, and the period is 1810, when the

MILLIONS FOR GASOLINE AND OIL

Secretary of State Schmahl Has Completed Work of Card Indexing All Owners of Cars

Julius A. Schmahl, secretary of state, and his staff of assistants, have just completed the work of card indexing all of the licensed automobile owners in Minnesota. This index system is arranged by counties and each county is subdivided into the post-office addresses of the owners, under which heading the names of the owners are arranged alphabetically.

There are, according to this system, practically \$6,000 automobiles in Minnesota, and a recent issue of the Wall Street Journal states that the average cost of a car is now about \$980, over half the cars produced selling for less than \$700. On the basis of the Journal, the automobiles in Minnesota are now valued at \$84,280,000, while the accessories and other appliances will increase this amount materially. In addition, the annual consumption of gasoline and lubricating oil will run into four or five millions of dollars.

The number of machines in each county at the close of business on the night of August 26, when the indexing was completed after four months of work, is as follows:

THURSDAY AND FRIDAY

The treat is on us ! ! — TO BEATRIZ MICHELENA—

What is your mission, Beatriz Michelena? Comest thou to teach our hearts to feel the greatest depths of our emotions, the noblest of our hearts' devotions? To sound our souls from slumbers deep, to rouse our hearts from sluggish sleep, to see, to hear, to learn, to feel? Such is your mission Beatriz Michelena. Aye, soon upon the screen we find you play on eye, ear, heart and mind, revealing subtly in each part the inmost workings of the heart, whole-hearted, realistic, true, whole-souled in everything you do. Blind fate's decrees and death's grim seal are rendered real by Beatriz Michelena. Beatriz Michelena the empress of stormy emotion, is America's foremost actress and dramatic artist. David Belasco, the eminent theatrical manager, declares the wonderful young woman to be without a peer on the screen.

Remember Thursday and Friday Beatriz Michelena in

"The Lily Of Poverty Flat"

5 Reels—A master adoption of Hart's great play—A supreme story of love and romance.

Emerald Isle was in the heyday of its social glory.

In Mr. O'Hara's supporting company will be found such well known players as Mabel Joline Scott, Marie Quinn, Mary Doyas, Anna Nichols, Lisle Bloodgood, Eliza Mason, W. T. Morgan, J. P. Sullivan, James Edwards, Henry Duffy, J. E. Miller and W. T. Sheehan.

Card of Thanks

We wish to extend our sincere thanks for the floral offerings and to those who so kindly helped us during the illness and death of our beloved husband and brother.

MRS. JOHN POORMAN,  
JAMES POORMAN.

CONTRACTORS' NOTICE

Sealed proposals will be received by the city clerk at his office, city of Brainerd, Minnesota, until 5 o'clock Sept. 4, 1915, for the paving of Thirteenth street south, with concrete according to the plans, specifications and contract, paying to be 5 inches thick, 16 feet wide and approximately one mile in length, with half-inch expansion joints every 25 feet. Expansion joints to be filled with Carey Elastite Paving Joint No. 2. Contractor to purchase gravel now on job at 77 cents per cubic yard.

City will prepare the sub-grade. Plans, specifications and contract on file with the city clerk and the city engineer after Sept. 1, 1915.

Each bid must be accompanied by a certified check, payable to the city treasurer for 5 (five) per cent of the total amount bid. Said certified check to be held as a guarantee that contractor will furnish the necessary bonds, sign the contract and commence the work as specified.

City reserves the right to reject any and all bids.

C. D. PEACOCK,  
City Engineer.

GUARANTEED VULCANIZING

Are your tires all in good order? Have you tubes that leak? Why not have them vulcanized so they will be ready for use when you need them? If you can have your tires and tubes repaired for a small price compared with the cost of new ones, why not have them repaired now? My work is guaranteed. My prices are right. I satisfy you or no cost to you. If your tires are not worth repairing, I will tell you so. Bring your tires to me and let me repair them. R. C. EASTON, in connection with C. A. Olson's Garage, 513 S. 7th St., Phone 236-J. 731m

# SPEED KINGS OF WORLD AT STATE FAIR.

THE SPEED KINGS OF THE WORLD, intent upon winning the \$10,000 in prizes for world's records and victories in special events, will gather from all corners of the earth Saturday, Sept. 11, to compete in the big auto racing program at the Minnesota State Fair. The biggest combined auto racing, motorcycle racing, and aerial card ever offered in the middle West is scheduled.

SUPPLEMENTING THE AUTO RACES WILL BE THE biggest aerial program ever given at a state fair. Art Smith, King of the Air, will appear in an afternoon and evening performance, looping the loop, and doing other equally hazardous things. Smith does something which no aviator has ever attempted to do. Within a few hundred feet of the ground, where anyone can plainly see him, HE LOOPS THE LOOP AGAIN AND AGAIN WITH HIS HANDS OFF THE STEERING WHEEL. EVERY OTHER AVIATOR WHO HAS EVER LOOPED THE LOOP HAS NOT ONLY DID IT SO HIGH IN THE AIR THAT IT HAS BEEN DIFFICULT TO SEE HIM BUT HAS KEPT HIS HANDS FIRMLY ON THE STEERING WHEEL.

THEN COMES THE BATTLE IN THE AIR. Two aeroplanes will put on one of the most thrilling air battles ever staged anywhere. One ship will defend a fortified city, the other will attack it. The defending ship will be supported by troops and batteries. The two machines after hovering about in an attempt to gain a vantage point will rush head on and meet. The collision will cause one of the occupants to fall from the hostile machine. Down he and machine goes, until—Let's Go!

THE STAR ATTRACTION in the auto racing card will be Joan Newton Cunio of New York, champion woman auto race driver of the world. The sensational victories of this fearless woman over such well known drivers as Ralph De Palma, Bob Burman, and many others, caused the American Automobile Association to bar woman drivers from any races sanctioned by it. In this way was acknowledgment paid to her prowess at the steering wheel of a racing machine. She will try for world's records, and compete in many of the races.

Many drivers of international reputation have entered the state fair race card. Louis Disbrow, holder of more world's dirt track records than any other driver, will race in his Simplex Zip and Blitzen Benz 300-horse-power machines. George Clark, of Texas, the only driver who holds a Carnegie medal for heroism on the race track, is another entrant. He drove his car over a thirty-foot embankment to avoid running over Bob Burman, who had been thrown out upon the track in an accident.

"Wild Bill" Endicott and Eddie Hearne, drivers in more races than any other, with the possible exception of Barney Oldfield, will appear with special racing creations. Johnny Raimey, the dare-devil driver who has plunged through the fence four times in his career, will pit his skill against the field. Tommy Milton and Fred Horey, Minnesota boys who have won a high standing in the racing game, are entered. Lee Gunning and Joe Bianchi, appearing in the Northwest for the first time, are coming. Bianchi is the idol of Italian racing devotees.

THE FEATURE RACE will be a one-hour free-for-all race for a large purse, competed in by all drivers entered. Trials for world's records and several other special speed events are also scheduled. The motorcycle card will bring together many of the world's record drivers. The detailed program:

- No. 1. Three Mile Free For All. Best two out of three. Flying start. In case of a tie a fourth heat shall be run to decide the winner.
- No. 2. Novelty Race. Free For All. Distance, 15 miles. Standing Start. Each car must, at the finish of the fifth lap, stop at pits and change two back tires. At the end of the tenth lap each car to stop and change both front tires. Tire change to be made by the driver with the aid of only one helper on the track.
- No. 3. Free For All Handicap. Open to all cars having participated in at least one previous event on the program. Distance, five miles. Standing Start.
- No. 4. Exhibition—One Mile Time Trials. Free For All. Attempts to lower present world's circular dirt mile-track record of 46.20 seconds. Flying Start.
- No. 5. Exhibition—Five Mile Time Trials. Free For All. Attempts to lower present world's circular dirt mile track record, for five miles, of 4:06.58 seconds.
- No. 6. Exhibition—Ten Mile Time Trials. Free For All. Flying Start. Attempts to lower the present world's circular dirt one-mile track record of eight minutes, seventeen and two hundredths seconds (8:17.02).
- No. 7. One Hour Race. Free For All. Standing Start. Distance, greatest number of laps to be run in one hour's time.
- No. 8. Motorcycle. Distance, three miles. Private owner. Stock, 61 cubic inch limit, unported amateur. Machines to be owned and drivers non-professional bona fide residents of the State of Minnesota. One Heat. Standing Start.
- No. 9. Motorcycle. Distance, five miles. Open Free For All. Sixty-one cubic inch limit, unported professional. One Heat. Standing Start.
- No. 10. Motorcycle. Distance, ten miles. Open Free For All. Sixty-one cubic inch limit, unported, professional. One Heat. Standing Start.

## GERMANY BEGINNING TO SUSPECT

By J. W. T. Mason, for United Press

Germany is beginning to suspect the results of her submarine activity against British shipping do not justify the large claims made for the new style of warfare when it began last February.

One of the most curious psychological effects of the war has been the belief in Germany that the submarine campaign was serving very largely the purposes of a blockade. The submarines have been referred to by the Germans as operating against England in the same way that the British fleet in the North sea operated against Germany. This interpretation of actual conditions, of course, is wide of the mark. British trade is hampered very little because of the submarine, and there has been only a slight advance in marine insurance rates to cover submarine risks.

The Berlin Tageblatt, Germany's leading liberal organ, is the first German newspaper to look these facts in the face. It estimates that one and one-half merchant vessels have been sunk a day since the submarine blockade began, and it points out this is a "very modest" result. The Tageblatt blames the newspapers generally for arousing an extravagant belief in the effectiveness of submarines as a blockading force.

In other words, the constant cry of patience to those who keep demanding greater deeds from the submarines cannot be longer maintained, suggests the Tageblatt. The Von Tirpitz blockade, therefore, is revealing itself as a fiasco to the German people. It is but a pin prick compared to what might be accomplished by a fleet capable of maintaining a real blockade around the British Isles.

A full realization of the actual conditions must have a depressing effect on the Germans. The desire to harm England at any cost, as Germany's chief enemy, has so magnified the victories of the submarines that it will be a difficult matter to readjust the common vision to a clear view of the facts.

The Tageblatt's initial move in this direction, if persisted in, however, will be beneficial to ultimate peace. It will produce an understanding in Germany that England's economic position cannot be seriously affected by the under sea boats, no matter how long the war lasts. To continue the conflict, therefore, for the purpose of damaging England's commerce must now be ruled out of serious war debates in Germany.

## GERMANS FAIL TO FORCE NICHOLAS

Grand Duke's Extreme Wings Hold Against Teutons.

### SLAVS REPORT REPULSE OF FOE

Russians Claim Capture of Three Thousand Prisoners and Much Material—Germans Report Gains—Balkans Still Debating.

Petrograd, Sept. 1.—Successful Russian counter-attacks on a wide front in the Stripa river district, Eastern Galicia, are reported in a Russian official statement given out here. The Russians claim to have captured 3,000 prisoners, thirty cannon and thirty-four machine guns.

London, Sept. 1.—The Russians thus far have prevented the Germans and Austrians from carrying into effect their efforts to force back the two extreme wings of the armies of Grand Duke Nicholas.

At the northern extremity of the front, that portion of Field Marshal von Hindenburg's army commanded by General von Buelow is still fighting for the bridgehead south of Friedrichstadt, while the Austro-German forces under General Bothmer, who broke through the Russian lines on either side of the Brzezany, Galicia, have been checked at some points on the Stripa river.

Along the rest of the front the Germans claim to be making headway, although some who got through the forest region east of Bialystok have suffered a reverse at the hands of the Russian rear guard. The points of most interest, however, are at the two wings.

#### See Menace to Russ.

The Germans near Friedrichstadt are well east of Riga, and military experts here say that unless the Russians can dispose of a considerable force so as to threaten the Teutonic flank, it seems improbable that Friedrichstadt can be held much longer without grave danger. The threat against the other wing is not so serious, as it is more distant and the difficulties of the country are too great for rapid advance.

In the western theater of the war the French continue artillery attacks on the German lines and concentration points, without as yet any evidence of a general offensive.

#### Strong Austrian Position Taken.

The Italians are more active and report the capture of another strong Austrian position southeast of Trent, and of some Austrian trenches on the Carso, on the road to Trieste. According to Italian accounts, the Italian progress, while naturally slow on account of the nature of the country to be traversed, is continuous.

Except for the Turkish official reports already published, there is no news from the fighting Saturday and

Sunday on the Gallipoli peninsula. It is understood the Balkan negotiations are moving more quickly.

The Bulgarian minister had a long conference with Sir Edward Grey, the British minister of foreign affairs, after which the ambassadors of the Entente powers and the Serbian minister called on the foreign minister.

### FRANK CASE BEFORE JURY

First Charge to Cobb County Panel Since Lynching.

Marietta, Ga., Sept. 1.—The first charge to a Cobb county grand jury since the lynching of Leo M. Frank, August 17, is to be delivered here by Judge H. J. Patterson, who intimated soon after the tragedy that probably a special charge would be given. Whether that will be done is not known definitely.

## CREDIT LOAN URGED TO STEADY EXCHANGE

New York Bankers Would Furnish England Vast Sum.

New York, Sept. 1.—A mammoth credit loan, quickly established in America by England, to be used in paying bills here, was the scheme put forward by international bankers as the method to check the downward plunge, of foreign exchange rates notably sterling, which has reached the lowest ebb in history.

New York bankers wish to lend Great Britain an enormous sum of money on approved collateral of high class American railway and industrial stocks and bonds.

This would be used in meeting payments for American goods and, it is believed, would restore the market to nearly normal.

At the close of business for the day the English pound brought only \$4.55 1/2 in American money. This is a drop, from its normal value, to 31 1/2 cents, from its value August 1 of 20 1/2 cents, and from its quotation of the previous day of 5 1/2 cents, a twenty-four hour break in values without precedent.

### ACCUSED CANADIANS APPEAR

Sir Rodmond Roblin and Others Give \$50,000 Bail Each.

Winnipeg, Sept. 1.—Sir Rodmond Roblin, J. H. Howden, Dr. W. H. Montague and G. R. Coldwell, charged by the Mathers royal commission with conspiracy to defraud the province, voluntarily appeared at the city police station and after a conference with Deputy Chief Newton were released on bail of \$50,000 each, \$25,000 consisting of a personal bond and two sureties of \$12,500 each being given.

### BIG WHOOPING COUGH TOLL

700 Cases of Disease in Milwaukee Health Commissioner Reports.

Milwaukee, Sept. 1.—There are 700 cases of whooping cough in Milwaukee, according to Health Commissioner Dr. G. C. Ruhland, and several deaths have occurred from the disease.

Dr. Ruhland has ruled that, with the opening of the public schools next week, no child afflicted with whooping cough shall be permitted to attend until recovery is complete.

## Great Tribute to President Wilson

(By United Press)

Berlin, Sept. 1.—The National Zeitung has paid a great tribute to President Wilson in an editorial and said although it was not entirely satisfactory, the manner in which President Wilson had handled the German-American situation would be regarded differently when the present controversy was settled. The situation was peculiar with Bryan favoring peace and Roosevelt favoring war.

## Pascual Orozco Killed in Battle

(By United Press)

Washington, Sept. 1.—An official telegram similar to the news accounts, reporting that a British patrol has sunk a submarine in the vicinity of the Arable disaster, has been received, but the patrol failed to identify the submarine sunk.

## Claim Murdered in Cold Blood

(By United Press)

El Paso, Tex., Sept. 1.—Followers of Orozco claim the American cowboys murdered him in cold blood and demonstrations among his followers are expected tonight, when the bodies of Orozco and four of his followers will be brought here. The police are seeking the American agitators.

## Cholera Suspects Remain Quarantined

(By United Press)

Washington, Sept. 1.—Surgeon Williams, investigating the reported cholera suspects quarantined on the liner President Lincoln, off New York, reported the illness is diarrhoea, but the ship remains quarantined pending a bacteriological test.

## Thaw Asks Divorce Charges Infidelity

(By United Press)

Pittsburgh, Pa., Sept. 1.—Harry Thaw has instituted proceedings for divorce from his wife, Evelyn Thaw, on the grounds of infidelity. He names John Francis as correspondent.

## BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

## Sweet and Wholesome

"Good as a chew of SPEAR HEAD" means the supreme degree of rich, luscious flavor.

No other tobacco can compare with SPEAR HEAD in the sweet and wholesome satisfaction it gives. The purity of

# SPEAR HEAD PLUG TOBACCO

is safeguarded at every step in its making. The factory is as clean and sanitary as a pure-food factory—the processes are pure-food processes.

When the choice red Burley has been pressed into mellow-sweet SPEAR HEAD plugs you have a chew that simply can't be equalled. Try it and see for yourself.

THE AMERICAN TOBACCO CO.

## WHICH SIDE OF THE SCORLEN

Does your coal come from Our coal is all carefully inspected before we accept it—is yours. Our coal has no slag or dirt, or in fact any foreign material to add to the weight or detract from the heating quality. We take good care of our trade at all times.
